PROFESSIONAL PROFILE

I am a dedicated, organized, and compassionate pre-service educator currently pursuing a Bachelor of Education (Secondary) STEM at Thompson Rivers University, set to complete in June 2025. With a teachable subject in Biology, I bring a strong work ethic and a genuine passion for educating youth. I strive to inspire curiosity and critical thinking in the classroom through dynamic, student-centered instruction. I am committed to creating inclusive, diverse, and engaging learning environments while supporting student success in a collaborative setting.
